

Your Child's Therapy Homework – Made Fun

Free · Ages 7-12 · iOS

Recommended by your therapist

WHAT IS GRIMASSO?

Grimasso turns the tongue, lip, and jaw exercises your therapist prescribed into a game your child will ask to play. 100 guided exercises across 20 levels – with a lovable frog mascot, streaks, and badges that make daily practice feel like an achievement.

WHAT YOUR CHILD WILL PRACTICE

Tongue Tip

Tongue Strength

Tongue Control

Swallowing

Jaw Muscles

Child sees themselves doing each exercise
- ✔ **Multi-child profiles**
Works for all your children in one app
- ✔ **20 progressive levels**
Keeps motivation high week after week

Children stay motivated – because it feels like a game

Grimasso uses the same motivation loop as children's favourite games: levels to beat, badges to earn, and a character that celebrates every win. Kids who use Grimasso practise more consistently and independently – making your home routine easier.

10 game levels

25+ achievement badges

100 guided exercises
